Congress Intent President May Take In T. V. A. Creation No Action On Tax Bill Unsolved Issue

Testimony Before Probers May Determine U. S. Course In Power Business

Facts Revealed To Committee Shows Controversy In Board On Real Aim

WASHINGTON, May 27.—The joint congressional committee investigating the Tennessee Valley Authority today took up itself 100,000 words of testimony for the basis of a six-months inquiry that may determine the future course of government in the power business.

Issue Is Presented
The testimony was gathered from TVA's ousted chairman, Dr. Arthur E. Morgan, and Directors Harcourt A. Morgan and David Lilienthal as they discussed their personal warfare in directing the agency's turbulent affairs. But stripped of headline charges, it presented the committee with an issue that neither the TVA nor congress has ever settled.

Out of the two opening days of preliminary hearings developed the picture of Dr. Morgan on one side of the question, dissenting from tactics that would put the government in direct competition with established utilities.

On the other side, was Lilienthal, schooled in Wisconsin's progressive power policies, seeking to further the cause of public ownership at every opportunity and openly differing with the ousted chairman's theories.

Congress Intent Unknown
What the intent of congress was on the issue when it created the New Deal's prime venture into the power field, neither Dr. Morgan nor Lilienthal could agree in their testimony. The former chairman repeatedly referred to the TVA as going "far beyond" the intent of congress, while Lilienthal went to pains to claim that the directorate had tried to steer the "middle course" between outright public ownership on one hand, and limiting distribution of TVA power to private utilities for re-sale to the public on the other.

PA NEW OBSERVES

Stone work being done on the sides of the highway at New Bedford is helping the appearance of the village considerably, as well as being of a practical value.

Even the highway department has fixed it up considerably. The unpaved road from Sampson street to the Harbor, being used as the detour for Youngstown traffic, is plenty rough—and dusty.

A great deal of road building is being done in Beaver county. Pa. News noticed the other day while on a Pittsburgh train.

The pillars on the outside of the post office received a shiny coat of silver paint yesterday.

Pa. News saw a large bus, filled to overflowing with early morning school students, come through the Diamond. On further notice, were seen have bright banners hung along the sides of the vehicle stating that the passengers were the graduating class of McKeesport and were enroute to Detroit.

Weed cutting will have to be started earlier than usual this year. There are many patches of high weeds that are already calling for attention of the mowers.

ARTHURDALE, W. Va., May 27.—President Roosevelt, using 13 graduating high school students as a backdrop, this afternoon advised the nation over the radio that he was vetoing the 1938 \$5,350,000,000 tax bill to become a law without his signature and vigorously assailed the manner in which congress revised and modified the undistributed profits and capital gains taxes.

REEDSVILLE, W. Va., May 27.—President Roosevelt arrived here by special train this morning and immediately motored through the West Virginia hills to the nearby Arthurdale subistence homestead project, unique setting for revelation this afternoon of his action on the \$5,350,000,000 tax bill of 1938.

Announcement that he had decided to allow the revenue bill to become law was expected generally, but the nation was mostly curious concerning the president's observations to be made locally before a handful of graduating high school students, nationally over a radio hookup—as to the manner in which congress framed the tax measure.

Reactions were general that these observations would be critically phrased in dealing with the tax schedules applicable to corporations and individuals with large stock holdings.

The railroad station roof bears a lighted French flag. Only two months ago the naval base near Carbone was ordered strengthened, and extra French troops have been placed at several border points in the fear that Spanish insurgents would attack French soil.

More than one hundred and fifty couples, portrayed by Jean Carlwright and Howard Rumbaugh. On the next page was little Marmec Ann Houk, as the Baby, while the sweet music of Brahms' Cradle Song, sung by Dorothy Smith, was heard in the distance. Mrs. June Bernard sang, accompanied by Anna Maxine Kennedy, violinist, and Mrs. M. M. Ingham, piano.

To the strains of marching music, played by the Dr. T. J. McFate family trio, the group assembled in the dining room, and seated themselves at tables decorated with large bowls of garden flowers. Other appointments were carried out in green and white. Mrs. T. J. McFate, president of the Highland U. P. church, led in singing "Blest Be the Tie That Binds," and then introduced Doctor D. L. Ferguson, who gave the blessing.

After a hearty dinner, Mrs. McFate presented Mrs. June E. Bernard, who had charge of the entertainment for the evening. In place of the customary toasts to mother and daughter, the group sang the toasts to a familiar tune. Pretty little courages were presented to each member of those families of which three generations were present—grandmother, mother and daughter.

Re-assembling in the auditorium, the mothers and daughters enjoyed a piano duet by a mother and daughter, Mrs. Dorothy G. Smith and daughter.

The main feature of the program was a clever skit "The Album That Lay On the Stand." Mrs. R. R. McGeorge was introduced as guest reader, who explained each scene, as the stage curtains were drawn, revealing a glimpse into the family album. To the tune of "Old Oaken Bucket," the prologue was read, and as the strains of the Wedding March faded in, the curtains parted, revealing the Bride and Groom, a young married couple.

The Grand Finale, the Family Circle, showed the whole family together, with the appropriate song "Home, Sweet Home." The clever old costumes, the amusing verses, and the effects of the actors to retain a sober mien added to the enjoyment of the skit.

The committee which served the dinner included Mrs. L. C. Barry, Mrs. L. A. Field, Mrs. John A. Bergman, Mrs. J. Gail Binn, Mrs. Ray read, and as the strains of the Wedding March faded in, the curtains parted, revealing the Bride and Groom, a young married couple.

Cascade Park Ready To Open

Expect First Big Crowd Of
Season On Memorial
Day

Although Cascade Park will open Saturday the first big outing will come when the thousands of persons travel to New Castle's famous public center Memorial day. According to Manager C. C. Coulthard, the park has been enhanced in beauty by the planting of thousands of flowers in different beds. The lawn has been cut and the grove is ready for dinner parties.

Coulthard stated there will be dancing Monday afternoon and evening in Rainbow terrace and the Dodge Inn. Ye Old Mill, Shoe Ball, Merry-go-round, Green bathing pool and restaurant will be ready for patrons.

A new kitchen was built recently in the grove. There are electric and gas available for the preparation of coffee.

No charge will be made for the parking of automobiles. Bicycles must not be ridden through the park. They must enter through the lower gate in East Washington street and be parked near the office. Coulthard stated.

A 15 minute street car schedule will be maintained during the afternoon and evening. It was reported.

The Great Game Of Politics

(Continued From Page Four)

through the State this summer. The situation, the News and Courier says, was best summed up by the delegate who declared, "As I approached this hall today I saw a Jackass being led around by a Negro boy. That is syn bolical of our party. It is today being led around by the Negroes of the North." While this is a little extreme, nevertheless, to those who have watched the extent to which the New Deal Administration has gone to capture the Negro vote there is nothing surprising in the action of South Carolina.

IT WOULD seem to mean that the delegation from this State in 1940 is not likely to be controlled from the White House, nor deliverable by anyone to a hand-picked New Deal candidate of the extreme type. It would seem that the State resented the Roosevelt-Poley politics to the extent of contemplating what in the past has been unthinkable in South Carolina—to wit, refusal to support

the Democratic ticket in 1940—or, at least, to be free not to support it. If the State convention action does not mean this then it does not mean anything.

NOR, considered in the light of the forthcoming primaries, is it easy to imagine it as favorable to Governor John H. P. Lockhart, provided—by himself—as the White House candidate against that quarried old veteran of the Senate, "Cotton Ed" Smith, whose Senatorial course in the last year has not pleased the little group of left-wing liberals around the President. In answer to the charge that he "deserved" the President, old Senator Smith bears his broad breast and beligerently bellows that "God made me a man before South Carolina made me a Senator." The scrapping of Rule 32, which would have required as evidence that South Carolina voters to keep this man in the Senate, though as he sometimes seems, rather than replace him with a rubber stamp. Anyhow, that is the way "Cotton Ed's" friends feel about it.

The World At A Glance

(Continued From Page Four)

arbitrarily lower the fees without due hearings.

BITTER CAMPAIGN
Everything continues to point to a bitter presidential campaign in 1940.

It looks as if the Roosevelt New

Dealers will maintain control of the Democratic party machinery. If so, there will be a departure of Democrats from the party to the Republicans. But that is more theoretical than practical. A Democrat in the south who sided with the Republicans, even though he maintained the Democratic label, would not get far.

The Republicans, on the other hand, may not desire to seem too conservative—or reactionary. Yet the lineup will of its own accord fall into liberalism versus conservatism—with the conservatives throwing everything they have (which is considerable) into the battle to destroy the New Deal to the last vestige.

John L. Lewis and the third parties are expected to line up with the Rooseveltites. They do not seem to get anywhere without him, Nor does victory for the Democrats seem possible without the support of both factions of organized labor.

Does that mean F. D. R. himself will loom larger and larger as the 1940 candidate? If not, who is on the horizon?

POLICE ARREST TWELVE

Alexander Washington was charged with being the proprietor of a disorderly house and 11 persons, all colored, were charged with being visitors to a disorderly house when Police Lieutenant Suter and Cruiser Car Officer Price made a raid at the Washington home in West Linton street and found money and cards on the table, police report. Washington placed a forfeit of \$10.00 and was given his freedom pending a hearing. The visitors also placed forfeits and went free. None appeared in police court today.

Plan Tribute

To Memory Of
John P. Lockhart

A fitting tribute to the late Alton John P. Lockhart will be conducted Sunday morning, May 29, when the John P. Lockhart Bible class, of the First U. P. church, gathers in the church auditorium at 9:45 o'clock for a memorial service in memory of their beloved founder and late teacher.

Speakers at the service will be the Rev. S. E. Irvine, pastor of the church, Judge W. Walter Brubaker and Clyde Gilliland.

Special music will be presented by the church quartet, which is composed of Fred Scheppele, T. C. Davis, H. L. Polley and E. C. Bolland.

Relief Costs State Big Sum

Approximately Ninety Mil-
lions Spent In Pennsyl-
vania During 1937

IS EXCLUSIVE
OF WPA FUNDS

HARRISBURG, May 27.—Ap-
proximately \$90,000,000 was spent by
the state during 1937 for direct re-
lief of Pennsylvania needy, ac-
cording to a summary released by the
Department of Public Assist-
ance.

This is exclusive of funds spent
by the federal government for WPA.
In all, approximately 1,297,000
persons received relief during 1937
from the federal, state and county
governments.

Those receiving aid were divided
as follows: Direct relief, 463,000;
WPA, 700,000; old-age assistance,
86,000; aid to dependent children
and mothers, 37,000; pensions for
the blind, 11,000.

Direct cash relief came entirely
from state funds, while the federal
government contributed the WPA
funds and reimbursed the state ap-
proximately \$16,000,000 for aid to
the aged, dependent children and
mothers and the blind.

Of the \$90,292,709 expended by
the state, \$57,913,215 went for direct
relief, 322,630,542 for old-age as-
sistance, \$6,090,997 for aid to de-
pendent children and mothers and
\$749,954 for blind pensions. An
additional \$8,054,700 was expended
for administrative expenses.

The average of 1,297,000 persons
dependent on assistance during 1937
was the lowest for any year since
1932, the public assistance depart-
ment reported.

Croton School Gives Program

Five Hundred Spectators See Performance At School Ground Last Night

Hundreds of invitations had been sent out to parents of the scholars attending Croton school, to attend the annual "Croton night" which culminates the year's work in art, music and health education. This program was given Thursday evening on the school playgrounds and a crowd of approximately 500 persons attended the event, which was very enthusiastically received by all.

The Croton Band which was under the direction of Miss Dorothy Patch and Miss Mary E. Gibson, looked "natty" in white trousers and shirts, old blue coats and caps, the new uniforms are still to be purchased.

Before the band gave their concert, Prof. W. A. Hoffmaster gave a few words of welcome.

The program was as follows: "Battle Cry of Freedom," "Tramp, Tramp, Tramp," "Marching Through Georgia," and "A Royal Welcome Home" arranged by Rosenkrans.

The band also accompanied several of the drills and dances.

The health activities program was under the direction of Miss Mildred Gibson and Miss Sarah Owen. The drills and dances were in costume, and program was as follows:

Music—Croton School Band.

Dutch dance—Grade 4A.

Jumping Jack's Jubilee—Grade 5A.

Square dance—Grades 6B and 6A.

Music—Croton Band.

The program ended with 50 children in costume doing an old-fashioned square dance, accompanied on

the piano by Mrs. Stephen Kleckner and Prof. W. A. Hoffmaster playing the violin.

The art exhibit, which was under the supervision of Miss Claudia Bauman and Miss Elsie Davies, proved to be very clever and interesting.

Physical arts, supervised by Miss Ruth Decker, was much appreciated by all.

Cheerfully arranged and decorated booths were under the care of Miss Daise Parkers and Miss Ruth Arnold.

The refreshments committee was Miss Anna Pyle and Miss Margaret Hoise.

Those having charge of the lighting and fixtures, were L. E. Book and John Koonz.

The band closed the program with the selections, "Project" by Harold Bennett, and "Good Night Ladies."

New Deal Tide Ebbs Says Babson Looking Over Recent Voting

By ROGER W. BABSON
(Copyright 1938—Publishers, Financial Bureau)

BABSON

THE political tide is beginning to ebb, says the New Deal. This is no partisan statement. It is merely a recognition of the inexorable Law of Reaction as applied to politics. A few months from now the mid-term national elections will be held. Every member of the house, one-third of the senate, 33 governors and a large number of state legislators will then be up for re-election. Straws in the wind, showing which way 1940 will be blown, emerge from these November elections. In fact, from the spring primaries, we are already able to gain some idea of the trend. Outstanding among these primaries was last week's vote in Pennsylvania—the second largest state in the Union, politically speaking. Here the defeat of John L. Lewis candidate was the outstanding feature. A close second in importance was the unexpected landslide of Judge Arthur H. James for the Republican governorship nomination. The defeat of Lieutenant Governor Thomas Kennedy for the Democratic nomination for governor means that the Democratic voters of Pennsylvania are no longer enthusiastic over the CIO. Above all, they do not want the CIO in high political office.

Republican Primary Also Significant

Lieutenant-Governor Kennedy is secretary-treasurer of John L. Lewis' United Mine Workers Union—which is the keystone in the arch of the CIO. Mr. Lewis staked his own political future on securing the nomination for Mr. Kennedy. More than that, the usually astute Jim Farley put the administration out on a limb by giving an 11th-hour endorsement of Kennedy. It was an implied White House command to the Democratic voters of Pennsylvania. And what happened? The voters administered a stinging rebuke to the president, to John L. Lewis and the CIO.

This is only part of the picture,

however. On the Republican side the nomination had been tacitly conceded by many observers to ex-Governor Pinchot, erstwhile Progressive and termed by his opponent Judge James as "half a New Dealer". The G. O. P. voters acted decisively. They rejected the so-called "liberal Republican" in favor of a man who had made his campaign a straight-from-the-shoulder hard-hitting fight against the administration at Washington. Conceding all this, my readers may ask: "So what?"

G. O. P. To Regain Pennsylvania

Here is what: Impartial observers forecast the election of a Republican governor in Pennsylvania in November. Further, they expect to see Governor Egan defeated for the second time by my friend Senator James J. Davis, who was nominated last week by the Republicans to succeed himself. Having in mind that the New Deal won a major victory in Pennsylvania less than two years ago, this would be a significant setback. Last week's results showed that both the Democrats and the Republicans of Pennsylvania want no more New Deal programs—whether in the guise of a CIO official named Kennedy, or a "liberal" Republican named Pinchot.

As I said at the opening of this article, the tides are running against the New Deal. Here is another forecast, although you must realize that politics is a different subject, to put under the seal of the statistician. This prediction is that the New Deal will lose around 75 seats in the house next November. The Republicans in congress are beginning to show signs of life for the first time since 1933. They will be a real fighting group in the next session. Allied with the anti-New Deal Democrats, they have an excellent chance of restoring the constitutional system of checks and balances between congress, the White House and the supreme court.

"Coalition or Chaos"

This brings up sharply the question of 1940, particularly the presidential race. To me the issue is crystal clear—and Pennsylvania's primary results last week only serve to make me more certain of the situation. If the Republicans want to defeat the New Deal in 1940 and bring back a conservative administration to the nation, they can do it.

But they must form a coalition with the conservative Democrats. Both groups must unite on one man for their presidential candidate and support him. First, the anti-New Deal Democrats must break away from the Rooseveltian "Democrats" and nominate one of their own men. Then the G. O. P. should nominate the same conservative Democrat as its candidate.

Here are some possibilities: Jesse Jones, chairman of the Reconstruction Finance Corporation; Senator Pat Harrison of Mississippi; Senator Harry Byrd of Virginia; Senator Bennett Clark of Missouri; Senator Walter George of Georgia or Senator Josiah Bailey of North Carolina. Any of these men can give the combined conservatives a victory over the New Deal candidate. If we are to avoid economic chaos in America we must elect men to public office who realize that dishonest politics, unbridled expenses and soaring taxes are choking industry and lowering living standards. We must repent our sins. If we do, big crops, low money rates, and new industries can give us the greatest prosperity America has ever seen.

Card Of Thanks

Suffered More and More Till She Began Taking "Vendol"

Says this splendid medicine changed all this and is now feeling better than in years. Advises everyone to start taking it.

MRS. H. L. WEILER

"I had been troubled with indigestion for a long while and my stomach finally became so weak that even simple foods would cause gas, sourness, cramps and shortness of breath," says Mrs. H. L. Weiler whose host of local friends will read this with great interest. "Vendol relieved my constipation which had bothered me for several years and now my stomach is so much better that I can eat anything I please without suffering from indigestion, and I am also relieved of pains in my arms and shoulders, thanks to Vendol's mild diuretic action on my kidneys. I made a mistake in letting things go as far as they did, so my advice to anyone troubled as I was is to get Vendol without delay."

Many people wrongly think that their ailments will correct themselves in time, only to find that they lay ground instead of becoming better. The longer you neglect your health, the harder it will be to put yourself on your feet again. So, if you suffer from gas, sour stomach, distended belly, headache, muscular pains or other troubles arising from constipation or weak-

sluggish kidney action, the thing to do is get some Vendol without delay and let it find its way back on the road to health. Don't delay, but attend to it NOW. A few bottles at the season will put you in wonderful condition.

If you need a good, safe, reliable medicine, get Vendol without delay from your nearest druggist. It is highly recommended here by New Castle Drug Co., 21 E. Washington St., and 21 N. Mill St., in Ellwood City by Schweitzer's Pharmacy and Ellwood-Cut Rate, and in New Wilmington by Weaver's Cut Rate.

ENTIRE STOCK

Present Prices in Many Instances Less Than Cost

This sale is not a price-slashing "stunt" to attract attention, but a carefully thought-out campaign for the express purpose of stimulating business in New Castle. NOTHING IS WITHHELD* From the least expensive boudoir lamp to the most expensive living room suite a straight 20 per cent will be deducted at the time of sale. Since drastic previous reductions have already been made, in many instances the price you pay will be far below cost. However, DO NOT CONFUSE THIS SALE WITH A CLEARANCE. Most of the merchandise is brand new, just arrived for the start of the summer season.

Robins greatest asset is its good will, its standing in this community. When it announces such a drastic cut in prices it must keep faith with its customers. It will maintain its integrity.

There is a reason for such a daring merchandising endeavor. We feel that it warrants an explanation.

We of the Robins Store believe that prosperity can be brought back only if people can be persuaded to resume buying. We further believe that people will resume buying only if they believe that now is the time to buy, and if prices are so low that they can afford to buy.

Increased buying means that stores will place new orders with the wholesalers. They in turn will place orders with the manufacturers. As orders begin to flow, factories will hire more people. And those who find jobs will in turn become the customers of these stores.

We believe that the place to start this cycle moving is with the customer.

Of course, we realize that no one store can change the buying attitude of a great community.

But someone must take the lead.

If we, by our effort, can stimulate other retail outlets to follow our example, we will feel that our effort, and our contribution, have been well justified.

We have fresh shipments of merchandise arriving every day. Every piece of merchandise is on the floor and is subject to the full 20 per cent reduction.

By selling it for 20 per cent below the usual price we must, during this week, suffer a loss.

But let us look at the results that this great turnover of merchandise will have.

At the end of the week our stocks will be depleted by almost one-half. We will immediately place orders for the full amount with the manufacturers.

These orders will mean increased work for designers and sample hands. They will furnish employment for sewers, upholsterers, cutters, cabinet makers and finishers. More examiners and inspectors will be needed. Shipping clerks will be put to work, expressmen and delivery men.

In short, people will be put back to work. People, who, when they again begin receiving wages, will become customers of thousands of retail outlets throughout the country.

In a smaller way the immediate store itself is stimulating re-employment. During the week of this sale we have employed more people who otherwise would have been unemployed.

To the best of our ability we are attempting to take the lead in starting the ball rolling.

Robins is proud of its position in this community. Proud of its reputation and its integrity.

It has undertaken this great sale with the honest hope that it will prove helpful to the community as a whole.

In this spirit, maintaining its position and integrity, we will carry on.

*Prices of certain branded items are regulated by Minimum Price Laws. Hence, the 20 per cent reduction, because of the law, cannot apply.

Due to a legal technicality, V. I. Mandich could not be sworn in as county treasurer today. Under the law the bond which he has presented must be approved by two judges. Judge Thomas W. Dickey was away today and will not be in court until Saturday morning. It is expected that the bond will be approved and Mandich sworn in on Saturday.

The county commissioners met with Mr. Mandich, County Controller Frank W. Hill, Solicitors William McElwee, Jr., and Ralph Cooper, and Joseph W. Green, representing the bonding company today relative to the permanent bond Mandich will give.

The commissioners changed the procedure of payments of county moneys somewhat today. In the future, all county checks will be in voucher form and before they can be cashed the signatures of at least two commissioners and the controller must be on the vouchers in addition to that of the county treasurer. Further stamped signatures will not be good on any paper dealing with the expenditure of funds.

Miss Lenora Coates Solos Aeroplane At Ohio Port Thursday

"She handled the controls like a veteran," exclaimed her enthusiastic instructor, Bill Jones, Thursday afternoon, as Miss Lenora Coates, attractive 21-year old daughter of Mr. and Mrs. Bert G. Coates, Youngstown road, brought her aeroplane in at the Second Airport, ending her first solo flight.

Miss Coates comes in for second place honors for women flyers in Lawrence county, she being just a few hours behind the flight of Mrs. Findley Wilson, who soloed Thursday morning. Miss Coates, however, has the distinction of being the first young lady in this district to be granted a flying permit from the government.

Her official permit was issued in August of 1937, but she did not begin to take dual instruction with the intent to solo until but a few months ago.

For her first solo, Miss Coates flew a Taylor C-2 plane, which is the official student ship. She took off at the Ohio field, flew about overhead for 15 minutes, and then landed again on the field.

Very little difficulty was encountered by the local Miss on her first flight, and in her lies all the possibilities of a fine aviatrix. According to Miss Coates, she plans to begin instruction on a large Laird Bi-plane. In the meantime she will endeavor to run up enough flying hours to attain her commercial permit.

Miss Coates has flown at the local airport as a student last year, and she is very well-known in New Castle and district. She is employed by the local Bell Telephone Company, as one of their "hello" girls.

FINED BY MAYOR

Jimmy Mangum, William Stanley, Willis Dewberry and John McLaren each were fined \$5.00, by Mayor Charles E. McGrath in police court today for all and interference with Officer Daniel Williams while he was arresting Ed Payne, colored, early yesterday morning.

Two Enter Pleas In Numbers Cases

At a hearing held by Squire James C. Brice last night, John Oulides and Eddie Craig pleaded guilty to being connected with the operation of numbers and gave bail in the amount of \$1,000 each for their appearance before court. Joe White, arrested with them, was discharged, as was Anthony Love, arrested recently on the same charge. All the arrests were made by state motor police and County Detective Paul Welsh.

Big League Stars In Pictures Here

Under the sponsorship of the Veterans of Foreign Wars, Harry L. McBride Post, a motion picture of big league baseball players will be shown in the Paramount Theatre Saturday morning free, it is announced. The picture is of especial interest to boys and every youngster in the city is invited.

The Human Side Of The News

(By EDWIN C. HILL)

Copyright 1938 King Features Syndicate, Inc.

When P. T. Barnum painted an elephant white he was engaging in a practice which has come to be known as "nature-faking," a phrase coined by the late Theodore Roosevelt. And today, those who carry the torch for "the greatest show on earth" are nature-faking in the big Barnum way when they speak of the ferociousness of Gargantua, the tremendous gorilla.

There's nothing to it, boys and girls, except harmless exaggeration. The gorilla is not a tough customer and won't bother anyone unless he is molested. The fact is that down in gorilla-land, which is the Belgian Congo, the government will not permit the carrying of firearms by those who want to have a look at the gorillas.

A New York insurance man, Lewis Colow, who also is a member of the Adventures club, was the first man to face the gorillas unarmed in obedience to the edict. On his return to America he told of his climb up 10,000 feet into Mount Tchinda, one of the chief haunts of the species and close to where Carl Akeley, the famous American naturalist, is buried.

Mr. Colow had some Pygmies with him, and these little fellows spotted for him a group of four gorillas. When Mr. Colow jumped up to take their pictures the largest gorilla let out a shriek which said Mr. Colow made my hair stand out on end like porcupine quills.

"After that," he continued, "they all started to bark, something like dogs. I rushed back to the rock from which I had jumped, but as I was climbing up a shoe came off. I was scared then. Three of the Pygmies ran away, but Kadeith, their chief, stood his ground. He came around in front of me with his spear and pointed to where the gorillas had gone up a tree. He said that the animals were very irritated."

Akeley, who made a life study of the gorilla, had this to say of him: "I believe that the gorilla is normally a perfectly amiable and decent creature. I believe that if he is attacked, or thinks that he is being attacked, or thinks that he is being attacked, I believe that he will fight in self-defense, and probably in defense of his family; that

he will keep away from a fight until he is frightened or driven into it. I believe that, although the old male advances when a hunter is approaching a family of gorillas, he will not close in if the man involved has the courage to stand firm. All this does not detract at all from Gargantua's enormous strength, or to what uses he might put it when frightened or provoked. It would be well, too, that those who come close to him or any other gorilla be advised that they keep him at a little more than arm's length. Kept in his place and at the proper distance he is no more harmful than the elephant, which doesn't frighten even the smallest child.

Since, as a people, we appear today to be more interested in the income and outgo of our government than anything else, it may be of interest to consider the news that the British Government reports a surplus of \$200,000,000 for the current financial year. This represents the ordinary finances and does not count in the \$325,000,000 borrowed and spent for armaments.

Marking one sum off against the other, a deficit of \$125,000,000 is shown, which does not begin to compare with the deficit of more than \$1,000,000,000 which is facing our own government for the fiscal

year ending June 30. Even if England were to contribute a considerable sum to payment of her war debt to the United States, she would still show a good picture as compared to ours.
Prof. Lutz, economist of Princeton, offers for our consideration how "England, with far smaller national resources and a relief problem fully as great in relation to population as our own, was able to maintain almost a complete balance during these difficult years of depression." He tells us that there is always the possibility of a mobile price stampede, such as the post-war French and German inflation, as a climax to a prolonged period of seriously unbalanced budgets.

Of course, his warning is not new. He merely states what all orthodox economists are preaching to us. Against their advice we have the word of the "new school," which doesn't believe in history or experience, but which believes perhaps a bit too completely in its own mental processes. These last insist that they will be able to control and direct what heretofore have been held to be immutable laws of finance and trade. And if they have their way and are wrong, well heaven help America!

Valley Forge To Be In Spotlight

State's Ratification Day Program Will Center At Historic Shrine

JUNE 21 WILL BE STATE HOLIDAY

HARRISBURG, May 27.—National a festival will be focused on Valley Forge, symbol of triumph over adversity in the founding of a nation, during the 150th anniversary celebration this June of the ratification of the Federal Constitution.

The Pennsylvania Constitution Commemorative Committee has fittingly incorporated Valley Forge in its four-day program to commemorate the adoption of the constitution.

On June 18—the 150th anniversary of evacuation of the camp by the Continental Army under George Washington—solemn services will be held in a natural auditorium in the Park in memory to the tattered troops who braved an arduous winter in Valley Forge and then went on to new and victorious campaigns. Governor Earle and other prominent speakers will participate in secular, patriotic exercises. Arrangements are being made for music by the U. S. Marine Band.

Thousands of citizens are expected to visit the park June 19 for the Valley Forge observance and the National Ratification Day exercises. June 21. As always there will be attractions also at that time of the year in the floral beauty of the old enshrouding with its wealth of blooms. For those who visit the shrine during the first two weeks of June there will be the enchanting spectacle of flowering dogwood.

largely in the Montgomery County area of the park.

The committee has urged that the Valley Forge observance be formally memorialized throughout the state as "Reverence Day" with exercises in churches to emphasize its meaning and the opportunity for reflection by the public on the guidance of Providence in the building of the Republic.

Parades, festivals and imposing ceremonies will be held throughout the state June 21—designated a state holiday by proclamation of the Governor—to commemorate the 150th anniversary of the adoption of the Constitution. The main celebration will be concentrated in Philadelphia June 19, 20 and 21. Exercises also will be held in Pittsburgh, Harrisburg, Erie, Williamsport and Wilkes-Barre.

Maintaining Personal Efficiency

"Brass Tacks" On The Sunday School Lesson

The Golden Text

I Cor. 9:25—"Every man that striveth for the mastery is temperate in all things."

By DR. ALVIN E. BEIL

(The International uniform lesson on the above topic for May 29 is Daniel 1:8-16, 19, 20 and I Corinthians 9:24-27, The Golden Text being I Cor. 9:25, "Every man that striveth for the mastery is temperate in all things.")

"IF YOU DRIVE, don't drink; if you drink, don't drive." Is a slogan to which no reasonable person can object. Driving an automobile in modern traffic is so hazardous to oneself and to those with him and about him that it requires the maintenance of the highest possible degree of efficiency.

Purpose of Heart.

The young man Daniel points us to the secret way of maintaining such personal habits of life as will be conducive to temperance and its consequent personal efficiency: "Daniel purposed in his heart that he would not defile himself with the portion of the king's meat, nor with the wine which he drank." It was an inner and voluntary restraint which Daniel put upon himself, a strong inner purpose of heart which made him master of, rather than slave to, his environment. Back of this purpose of heart was a deep religious desire to be all that his God would have Daniel be, and he was willing to suffer self-denial to live up to the best of which he was capable for the sake of the God whose name Daniel carried about as a part of his own name.

"As Do the Romans" "When in Rome, do as do the Romans" was in no sense the policy of Daniel and his associates. They

were away from home with no home restraints to respect. They were slaves with no reputations at stake, yet they did not yield to the temptation to let down in their manner of life. Their religion and morals were in no sense dictated by the chances of geography or social position. "Everybody is doing it" was no reason for Daniel to do it. He had the courage to be himself though he stood alone, a slave against the mighty. "Prove thy servants true days" and at the end of the trial period of simple living their countenances appeared fairer... than all the children which did eat the portion of the king's meat. The temperate, self-disciplined life is a life of no regrets.

"Temperate in All Things"

We take care of our automobiles because it costs money to replace them. We are willing to pay an extra price for gas and oil that will do them no injury. But how careless we are of the more delicate and valuable and irreplaceable machinery of our bodies. How reckless we are in punishing this human machine with our intemperance in eating and drinking, working and playing and countless other forms of self-abuse and disregard of our physical health and that of our children after us. Is discipline reasonable in training to be a good mechanic or practitioner or parent? Is the crown we seek so contemptible as to be worth surviving or exercising self-control? Paul said, "I buffet my body and bring it into bondage." Who is in the house of your body? Are you the master of your body, or are you its slave?

enjoyed throughout the evening with prizes being awarded to Mrs. Louise Rape, Miss Edna Myers, Miss Kathleen Hook and Miss Verda Myers.

At the close of the evening refreshments were served by Miss Perdue assisted by Misses Ellen and Mary Alice Williams.

Details for the June meeting will be announced later.

YANKEES WIN FROM TIGERS

By ANTHONY J. PUGLIESE
International News Service Sports
Writer

NEW YORK, May 27.—It becomes increasingly evident today as the baseball season rolls through its second month that the Boston Red Sox made no big mistake when they headed right toward the American league lead from the opening game.

Floyd Roberts, who is pondering the ball at a 350 or so p. m., is providing the spark which is putting Boston through. They may slow up when hot weather fattens the veterans, but right now the Red Sox are yielding to no team and are trading Cleveland by only two games.

Yankees, Jimmy Burke on his tenth homer of the year to beat Jack Wilson beat the Indians 8 to 4. Wilson gave up only two hits as the Sox rallied off Willis Hudlin to score five runs in the last two frames. Ken Keltner, the Tribe's rookie, hit a ninth inning homer.

Poss now is tied with Hank Greenberg for the league home run honors. The New York Yankees threw off a three-run lead as Charlie Ruffing handed the Detroit Tigers a 5 to 1 beating. Ruffing prevented his fifth win of the season in limiting the Tigers to seven blows. The Yankees revamped lineup with George in cleanup and DiMaggio in third spot, attacked twice with Schoendienst Rowe and Boots Porterberger.

In Chicago, the Philadelphia Athletics behind the race at pinning of George Case, romped over the White Sox, 4 to 1. Catcher Earle Brucker led the Athletics' eight-hit attack with three hits for a perfect day, driving in two runs. Bill Dietrich and Merritt "Sugar" Cain hurled for Chicago, with Dietrich being charged with the loss.

Senators Win Game
The Washington Senators won a wild slugfest session from the St. Louis Browns by scoring two runs in the ninth to triumph, 12 to 10.

At Simmons hit a double, scoring Buddy Myers and Buddy Lewis with the deciding rallies in the ninth. Lewis, Zeke Bonura and Tatt Wright hit homers for the Senators, the latter with the bases loaded, while Cliff hit a four-sacker for St. Louis. Ten pitchers and 25 hits featured the fiasco.

All National league games were washed out. The Reds were leading the Boston Bees 1 to 0 when the deluge came in the first inning while the other teams never got started.

HERE AND THERE IN SPORTS' LAND

Joe Chip, former local middleweight, now of Pittsburgh, is spending the week here, having been called home a week ago owing to the death of his brother William. Joe fought some of the best middleweights in the country and was credited with having been the only fighter to stop the late Harry Greco.

After George Chip, middleweight champion, dropped his crown to Al McCoy, Joe knocked out Al and fought several fights with Johnny Wilson, successor to McCoy, Happy Littleton and other topnotchers.

Rain postponed the Barney Ross-Henry Armstrong fifteen round fight until tonight. When the fighters weighed yesterday, Ross scaled 141 3/4 and Armstrong 138 1/4. According to John J. Phelan, chairman of the New York State boxing commission, the fighters must weigh 140 again today.

Duquesne golf team closed its season Thursday with a 7 to 2 victory over Geneva College, at Pittsburgh. Johnson was the only Geneva golfer to win. He defeated Middendorf, Duke captain, 2 up.

The Phils have released Pitcher Kelleher and First Baseman Earle Brown to Columbus of the American association for Justin Smith, an infielder. Valier Stephenson, a catcher, was released outright. The Phils have bought George Stambach, an outfielder from the Cardinals.

The City Softball league goes back to the wars tonight with five games on the schedule. The games will start at 6 o'clock prompt, according to Frankie Crisci, the league's chief executive.

The league leading Nobils will travel to the Seventh ward tonight to meet the Weavers and Sox.

Remain undefeated. Manager, Dr. Caprio will use Garbo on the mound to try for his fifth victory of the year. The Royals will play the Washington team at the Clinton Field.

The Washingtons will try for their second victory.

Hawaiians Vs. Tigers

The Hawaiians will battle the Tigers club at Dean Park field.

The Senators will play the Eagles at Gaston Park field. The N. Y. A team goes out to the Radiator field to try and stop the Reds.

The Reds have only lost one game and that was to the Nobils. The N. Y. A. boys are quite confident that they can turn the trick also.

The games tonight complete the first round of the league season for the teams.

Royal A. C. Wins From Hawaiians

The Royal A. C. softball team handed the Hawaiians a 9 to 7 defeat last night at the Flats field in a postponed City Softball league game, with Sammy Bishara and Gabby Kendra the winning pitchers and Spanish and Nocera the losing pitchers.

Score by innings:

Royal A. C.	P. H. E.
Royals	000 100 100—9 11 3
Hawaiians	000 002 0—7 10 2

REALTY TRANSFERS

Corra E. Zehner to Emma Louise needed to decide the issue.

Another minor error was caught by the official return board on Thursday. In the returns from the fourth precinct of the fifth ward it was found that 62 votes had not been tallied although the return totals as correct. The error was not important but it does demonstrate the fact that the return board is on the job.

The board is working in the welfare building on Court street and thus far has been bothered little by visitors. The reason probably is that there were no fights in which it ap-

peared the official vote would be needed to decide the issue.

If anyone asked you where the old toll road in Lawrence County was located would you know? County Commissioner George H. Bohner knows the answer and the road is the left fork road which leads off the end of Highland avenue going north. Years ago this was a toll road and recently some bridge repairs were asked for. The bridge is not a county bridge and is the responsibility of the township supervisors.

The employees of the Prothonotary and Clerk of Courts office, and

particularly Mrs. Rebecca McKee have completed a task that seemed when it started would require many months. Seven thousand liens have been recorded by Mrs. McKee and the job is done.

When the mass of liens was dumped into the office it looked as though somebody was in for a summer's work. Without adding to the force at all, the work has been done.

The WPA project which has been working in the hall on a new system of liens is rapidly approaching the finish of the job. The work has been on for many months and is expected finished about July.

More than five million vehicles will be watched from 5000 vantage points during a traffic survey to be taken in England by the Ministry of Transport.

The term "chiffon" has various meanings in different countries. In France it means a race; in Austria and Germany it means a stout fine plain woven linen fabric with a smooth tissue; in Roumania, a bleached cotton shirting; and in the United States, a delicate, gauze-like silk tissue.
